Re: Report on Volunteer Fire Departments/Apparatus Tire Replacement

Dear Senators, Representatives, and Director Matteson:

Pursuant to § 30.7(c) of S.L. 2023-134, as amended by § 11.93 of S.L. 2023-151, please find enclosed herewith the Office of State Fire Marshal's (OSFM) report on the Volunteer Fire Departments/Apparatus Tire Replacement Grant. The report provides information regarding (1) the total number of grants awarded, by county; (2) the name of each eligible fire department to which a grant was awarded, by county and by city, if applicable; and (3) the amount of the grant awarded to each eligible fire department.

The General Assembly has my gratitude for its continued commitment to supporting the volunteer fire and rescue/EMS departments throughout our state. I thank you for allowing OSFM to administer this vital grant program.

Respectfully,

BRIAN TAYLOR

Brian Taylor State Fire Marshal

Volunteer Fire Departments/Apparatus Tire Replacement Fund

Section 30.7(a) of S.L. 2023-134, as amended by Section 11.93 of S.L. 2023-151, authorized grants in the sum of \$1,000,000.00 in nonrecurring funds for each fiscal year of the 2023-2025 fiscal year biennium for the Office of the State Fire Marshal to use to establish and administer a grant program to provide grants in an amount of no more than ten thousand dollars (\$10,000) to eligible fire departments under G.S. 58-87-1(b) for the purpose of replacing fire apparatus tires. The grant opened January 15, 2025, and closed March 15, 2025.

- 1. A grant to an applicant who is required may not exceed ten thousand dollars (\$10,000)
- 2. Grant may only be used to purchase tires.
- 3. An applicant may receive no more than one grant per fiscal year.

A Fire Department is eligible for grant through this fund if:

- 1. It is volunteer, may have (8) paid positions or paid part-time equivalent.
- 2. It has been certified by the Office of State Fire Marshal.

The major emphasis of this program is safety. The Office of the State Fire Marshal takes pride in making sure fire departments can obtain the necessary equipment to keep the citizens of North Carolina safe. Each application is reviewed by staff and scored using a non-subjective point system. The point system is based on the applicant's financial status or funding received from the applicant's county and/or municipality. Every eligible fire department in North Carolina was notified of the online application and a detailed letter of instruction was emailed on January 15, 2025. Online applications were accepted through March 15, 2025.

There were 280 applications received for evaluation. Of these, 167 fire departments received the tire replacement grant, and 113 applications were withdrawn, disqualified or incomplete.

Note: Applications withdrawn due to age not being a factor on this grant.

- Requested monies: \$957,568.87
- Available Monies: \$1,000,000.00
- Approved Monies: \$957,568.87

Attached to this report you will find a list of approved departments by county, along with amounts they were awarded.

All fire departments submitting a Volunteer Departments/Apparatus Tire Replacement application were notified by email of their approved and non-approved status on April 15, 2025.

Approved fire departments can now purchase tires. Once purchased they will need to upload documentation (invoices and proof of payments) for reimbursement.

The payments are delivered by mail or electronic transfer funds will be deposited to each approved fire department once all grant requirements are met. The tires purchased through this grant must remain in the possession of the department for a minimum of five years and is subject to inspection or audit which is carried out by our Inspections Staff.

*Total amount requested from approved and non-approved applications.
