Assistant Attestation Form

Your cooperation is requested so the Office of State Fire Marshal can determine whether the applicant has the continuing education and experience necessary to renew a Pyrotechnic Operator's Assistant license. The applicant is required to verify that he or she meets all conditions necessary to renew a Pyrotechnic Operator Assistant's license. This verification is accomplished through this attestation form detailing your knowledge of their education and experience.

I certify _____ has performed a minimum of the following:
Applicant

- Participated as an Assistant Operator in a minimum of three shows in the past three year renewal period.
- A minimum of 12 hours of continuing education/training over the three year renewal period.

Continuing education for pyrotechnic assistants can consist but is not limited to the following:

- 1) Training received during the set up and tear down at pyrotechnic events.
- 2) Any formal training in pyrotechnic safety received on the job or in a classroom setting.
- 3) Any training or education received to become a pyrotechnic operator.
- 4) Any training received related to transportation of pyrotechnic materials.
- 5) Any training determined to be acceptable for continuing education by the North Carolina Office of State Fire Marshal.

Signature of pyrotechnic operator
under which training was received:
