To obtain a standard certificate, a person must pass an examination, as prescribed by the Board or by a contracting party under G.S. 143-151.16(d), that is based on the North Carolina State Building Code and administrative
procedures required for Code enforcement. The Board may issue a standard certificate of qualification to each person who successfully completes the examination. The certificate authorizes that person to engage in Code enforcement and to practice as a qualified Code-enforcement official in North Carolina. The certificate of qualification shall bear the signatures of the chairman and secretary of the Board.

With respect to all types of Code-enforcement officials, those with Level I, Level II, or Level III certificates shall be qualified to inspect and approve only those types and sizes of buildings as specified in rules adopted by the Board.

(c) A Code-enforcement official holding office as of the date specified in this subsection for the county or municipality by which he is employed, shall not be required to possess a standard certificate as a condition of tenure or continued employment but shall be required to complete such in-service training as may be prescribed by the Board. At the earliest practicable date, such official shall receive from the Board a limited certificate qualifying him to engage in Code enforcement at the level, in the particular type of position, and within the governmental jurisdiction in which he is employed. The limited certificate shall be valid only as an authorization for the official to continue in the position he held on the applicable date and shall become invalid if he does not complete in-service training within two years following the applicable date in the schedule below, according to the governmental jurisdiction's population as published in the 1970 U.S. Census:

- Counties and Municipalities over 75,000 population – July 1, 1979
- Counties and Municipalities between 50,001 and 75,000 – July 1
Counties and Municipalities between 25,001 and 50,000 – July 1, 1983

All fire prevention inspectors holding office – July 1, 1985. Fire prevention inspectors have
until July 1, 1993, to complete in-service training.

An official holding a limited certificate can be promoted to a position requiring a higher level certificate
only upon issuance by the Board of a standard certificate or probationary certificate appropriate for such new
position.

(d) The Board may provide for the issuance of probationary or temporary certificates valid for such
period (not less than one year nor more than three years) as specified by the Board's rules, or until June 30,
1983, whichever is later, to any Code-enforcement official newly employed or newly promoted who lacks
the qualifications prescribed by the Board as prerequisite to applying for a standard certificate under
subsection (a). No official may have a probationary or temporary certificate extended beyond the specified
period by renewal or otherwise. The Board may provide for appropriate levels of probationary or temporary
certificates and may issue these certificates with such special conditions or requirements relating to the place
of employment of the person holding the certificate, his supervision on a consulting or advisory basis, or
other matters as the Board may deem necessary to protect the public safety and health.

(e) The Board shall, without requiring an examination, issue a standard certificate to any person who is
currently certified as a county electrical inspector pursuant to G.S. 153A-351. The certificate issued by the
Board shall authorize the person to serve at the electrical inspector level approved by the Commissioner of
Insurance in G.S. 153A-351.

Sess., 1990), c. 1021, s. 5; 1991, c. 133, s. 1; 2007-120, s. 1; 2008-124, s. 8.1; 2019-174, s. 2.)

§ 143-151.13A. Professional development program for officials.

(a) As used in this section, "official" means a qualified Code-enforcement official as that term is defined
in G.S. 143-151.8.
(b) The Board may establish professional development requirements for officials as a condition of the renewal or reactivation of their certificates. The purposes of these professional development requirements are to assist officials in maintaining professional competence in their enforcement of the Code and to assure the health, safety, and welfare of the citizens of North Carolina. An official subject to this section shall present evidence to the Board at each certificate renewal after initial certification, that during the 12 months before the certificate expiration date, the official has completed the required number of credit hours in courses approved by the Board. Annual continuing education hour requirements shall be determined by the Board but shall not be more than six credit hours.

(c) The Board may require an individual who earns a certificate under programs established in G.S. 143-151.13 to complete professional development courses, not to exceed six hours in each technical area of certification, within one year after that individual is first employed by a city or county inspection department.

(d) As a condition of reactivating a standard or limited certificate, the Board may require the completion of professional development courses within one year after reemployment as an official as follows:

1. An individual who has been on inactive status for more than two years and who has not been continuously employed by a city or county inspection department during the period of inactive status shall complete professional development courses not to exceed six hours for each technical area in which the individual is certified.

2. An individual who has been on inactive status for more than two years and who has been continuously employed by a city or county inspection department during the period of inactive status shall complete professional development courses not to exceed three hours for each technical area in which the individual is certified.

3. An individual who has been on inactive status for two years or less shall complete professional development courses not to exceed two hours for each technical area in which the individual is certified.

(e) The Board may, for good cause shown, grant extensions of time to officials to comply with these requirements. An official who, after obtaining an extension under this subsection, offers evidence satisfactory to the Board that the official has satisfactorily completed the required professional development courses, is in compliance with this section.

(f) The Board may adopt rules to implement this section, including rules that govern:

1. The content and subject matter of professional development courses.

2. The criteria, standards, and procedures for the approval of courses, course sponsors, and course instructors.

3. The methods of instruction.

4. The computation of course credit.

5. The ability to carry-forward course credit from one year to another.

6. The waiver of or variance from the professional development required for hardship or other reasons.

7. The procedures for compliance and sanctions for noncompliance.

(2005-102, s. 1; 2018-29, s. 8.)

(a) The Board may, without requiring an examination, grant a standard certificate as a qualified Code-enforcement official for a particular type of position and level to any person who, at the time of application, is certified as a qualified Code-enforcement official in good standing by a similar board of another state, district or territory where standards are acceptable to the Board and not lower than those required by this Article for a similar type of position and level in this State.
(b) The Board may, without requiring an examination, grant a standard certificate as a qualified Code-enforcement official for a particular type of position and level to any person who, at the time of application, is certified as a qualified Code-enforcement official in good standing by the International Code Council where standards and examination are acceptable to the Board and not lower than those required by this Article for a type of position and level in this State.

(c) The certificates granted under subsections (a) and (b) of this section shall expire after three years unless within that time period the holder completes a short course, as prescribed by the Board, relating to the State Building Code regulations and Code-enforcement administration.

(d) A fee of not more than twenty dollars ($20.00), as determined by the Board, must be paid by any applicant to the Board for the issuance of a certificate under this section. The provisions of G.S. 143-151.16(b) relating to renewal fees and late renewals shall apply to every person granted a standard certificate in accordance with this section.

§ 143-151.15. Return of certificate to Board; reissuance by Board.

A certificate issued by the Board under this Article is valid as long as the person certified is employed by the State of North Carolina or any political subdivision thereof as a Code-enforcement official, or is employed by a federally recognized Indian Tribe to perform inspections on tribal lands under G.S. 153A-350.1 as a Code-enforcement official. When the person certified leaves that employment for any reason, he shall return the certificate to the Board. If the person subsequently obtains employment as a Code-enforcement official in any governmental jurisdiction described above, the Board may reissue the certificate to him. The provisions of G.S. 143-151.16(b) relating to renewal fees and late renewals shall apply, if appropriate. The provisions of G.S. 143-151.16(c) shall not apply. This section does not affect the Board's powers under G.S. 143-151.17. (1977, c. 531, s. 1; 1993 (Reg. Sess., 1994), c. 678, s. 35; 1999-78, s. 4.)

§ 143-151.16. Certification fees; renewal of certificates; examination fees.

(a) The Board shall establish a schedule of fees to be paid by each applicant for certification as a qualified Code-enforcement official. Such fee shall not exceed twenty dollars ($20.00) for each applicant.

(b) A certificate, other than a probationary certificate, as a qualified Code-enforcement official issued pursuant to the provisions of this Article must be renewed annually on or before the first day of July. Each application for renewal must be accompanied by a renewal fee to be determined by the Board, but not to exceed ten dollars ($10.00). The Board is authorized to charge an extra four dollar ($4.00) late renewal fee for renewals made after the first day of July each year.

(c) Any person who fails to renew his certificate for a period of two consecutive years may be required by the Board to take and pass the same examination as unlicensed applicants before allowing such person to renew his certificate.
(d) The Board may contract with persons for the development and administration of the examinations required by G.S. 143-151.13(a), for course development related to the examinations, for review of a particular applicant's examination, and for other related services. The person with whom the Board contracts may charge applicants a reasonable fee for the costs associated with the development and administration of the examinations, for course development related to the examinations, for review of the applicant's examinations, and for other related services. The Board shall not award a cost plus percentage of cost agreement or contract for any purpose.

(e) The Board may contract with persons for the development and administration of the examinations required by G.S. 143-151.13(a), for course development related to the examinations, for review of a particular applicant's examination, and for other related services. The person with whom the Board contracts may charge applicants a reasonable fee for the costs associated with the development and administration of the examinations, for course development related to the examinations, for review of the applicant's examinations, and for other related services. The fee shall be agreed to by the Board and the other contracting party. The amount of the fee under this subsection shall not exceed one hundred seventy-five dollars ($175.00). Contracts for the development and administration of the examinations, for course development related to the examinations, for review of examinations shall not be subject to Article 3, 3C, or 8 of Chapter 143 of the General Statutes or to Article 14 of Chapter 143B of the General Statutes. However, the Board shall: (i) submit all proposed contracts for supplies, materials, printing, equipment, and contractual services that exceed one million dollars ($1,000,000) authorized by this subsection to the Attorney General or the Attorney General's designee for review as provided in G.S. 114-8.3; and (ii) include in all proposed contracts to be awarded by the Board under this subsection a standard clause which provides that the State Auditor and internal auditors of the Board may audit the records of the contractor during and after the term of the contract to verify accounts and data affecting fees and performance. 11 NCAC 08 .0722 DISTANCE EDUCATION COURSES
A distance education course is a continuing education course in which instruction is accomplished through the use of media and methods whereby instructor and student are separated by distance and sometimes by time. In addition to fulfilling all course accrediting requirements, a sponsor requesting approval of a distance education course must demonstrate that the proposed distance education course satisfies the following criteria:

1. The course shall be designed to assure that students have defined learning objectives. If the nature of the subject matter is such that the learning objectives cannot be reasonably accomplished without some direct interaction between the instructor and students, then the course must be designed to provide for such interaction.

2. A course that does not provide the opportunity for continuous audio and visual communication between instructor and all students during the course presentation shall utilize testing processes to assure student understanding of the subject material.

3. A course that involves students completing the course on a self-paced study basis shall be designed so that the time required for a student of average ability to complete the course will be equivalent to a similar course taught in a classroom setting. The sponsor shall utilize a system that assures that students have actually performed all tasks required for completion and understanding of the subject material.

4. The sponsor shall provide technical support to enable students to satisfactorily complete the course.

5. The course instructors shall be available to respond in a timely manner to student questions about the subject matter of the course. Instructors shall have training in the proper use of the instructional delivery method utilized in the course, including the use of computer hardware and software or other applicable equipment and systems.

6. The sponsor shall provide students with an information package containing all pertinent information regarding requirements unique to completing a distance education course, including any special requirements with regard to computer hardware and software or other equipment, and outlining in detail the instructor and technical support that will be available when taking the course.

7. The sponsor shall use procedures that provide reasonable assurance that the student receiving continuing education credit for completing the course actually performed all the work required to complete the course. For courses that involve independent study by students, certification that the student personally completed all required course work shall be provided by the student to the sponsor, either by a signed statement (on a form provided by the sponsor) or, in the case of internet or computer based courses, by electronic means that are indicated in the software or on the website. Signed course completion statements or records of electronic certification shall be retained by the sponsor together with any other course records required by the rules in this Section.

8. Sponsors seeking approval of distance education courses must submit to the Board's staff a complete copy of the course in the medium that is to be used, including all computer software that will be used in presenting the course and administering tests. If the course is to be internet based, the Board's staff must be provided access to the course via the internet and shall not be charged a fee for such access.

9. Distance education courses shall comply with requirements for course completion reporting. Students shall not be reported for continuing education credit for distance education courses until the signed form from the student or electronic certification as described in Item (7) of this Rule has been received by the sponsor.

The hearing officer may require the parties to file prehearing statements in accordance with 11 NCAC 8.0821. A prehearing conference on the simplification of issues, amendments, stipulations, or other matters may be entered on the record or may be made the subject of an order by the hearing officer. 11 NCAC 08.0826 CONSOLIDATION OF CASES

(a) The hearing officer may order a joint hearing of any matters at issue in contested cases involving common questions of law or fact or multiple proceedings involving the same or related parties, or may order the cases consolidated or make other orders to reduce costs or delay in the proceedings.

(b) A party requesting consolidation shall serve a petition for consolidation on all parties to the cases to be consolidated and shall file the original with the hearing officer, together with a certificate of service showing service on all parties as herein required. Any party objecting to the petition shall serve and file his objections within 10 days after service of the petition for consolidation.

(c) Upon determining whether cases should be consolidated, the hearing officer shall serve a written order on all parties that contains a description of the cases for consolidation and the reasons for the decision.

(d) Nothing contained in this Rule prohibits the parties from stipulating and agreeing to a consolidation, which shall be granted upon submittal of a written stipulation, signed by every party, to the hearing officer.

(e) Following receipt of a notice of or order for consolidation, any party may petition for severance by serving it on all other parties and filing with the hearing officer at least seven days before the first scheduled hearing date. If the hearing officer finds that the consolidation will prejudice any party, he shall order the severance or other relief that will prevent the prejudice from occurring.

(a) Discovery methods are means designed to assist parties in preparing to meet their responsibilities and protect their rights during hearings without unduly delaying, burdening or complicating the hearings process and with due regard to the rights and responsibilities of other parties and persons affected. Accordingly, parties are obligated to exhaust all less formal opportunities to obtain discoverable material before utilizing this Rule.

(b) Any means of discovery available pursuant to the North Carolina Rules of Civil Procedure, G.S. 1A-1, is allowed. If the party from whom discovery is sought objects to the discovery, the party seeking the discovery may file a motion with the hearing officer to obtain an order compelling discovery. In the disposition of the motion, the party seeking discovery shall have the burden of showing that the discovery is needed for the proper presentation of the party's case, is not for purposes of delay, and that the issues in controversy are significant enough to warrant the discovery. In ruling on a motion for discovery, the hearing officer shall recognize all privileges recognized at law.

(c) When a party serves another party with a request for discovery, that request need not be filed with the hearing officer but shall be served upon all parties.

(d) The parties shall immediately commence to exchange information voluntarily, to seek access as provided by law to public documents, and to exhaust other informal means of obtaining discoverable material.

(e) All discovery shall be completed no later than the first day of the hearing. The hearing officer may shorten or lengthen the period for discovery and adjust hearing dates accordingly and, when necessary, allow discovery during the pendency of the hearing.

(f) No later than 15 days after receipt of a notice requesting discovery, the receiving party shall:
   (1) move for relief from the request;
   (2) provide the requested information, material or access; or
   (3) offer a schedule for reasonable compliance with the request.

(g) Sanctions for failure of a party to comply with an order of the hearing officer made pursuant to this Rule shall be as provided for by G.S. 1A-1, Rule 37, to the extent that a hearing officer may impose such sanctions, and 11 NCAC 8.0829.

11 NCAC 08.0828  SUBPOENAS

(a) Subpoenas for the attendance and testimony of witnesses or for the production of documents, either at a hearing or for the purposes of discovery, shall be issued in accordance with G.S. 150B-39(c) and G.S. 1A-1 Rule 45.

(b) A subpoena shall be served in the manner provided by G.S. 150B-39(c) and G.S. 1A-1, Rule 45. The cost of service, fees, and expenses of any witnesses subpoenaed shall be paid by the party at whose request the witness appears. A party seeking an order imposing sanctions for failure to comply with any subpoena issued under this Rule must prove proper service of the subpoena.

(c) Objections to subpoenas shall be heard in accordance with G.S. 150B-39(c) and G.S. 1A-1, Rule 45.

11 NCAC 08.0829  SANCTIONS

(a) If a party fails to appear at a hearing or fails to comply with an interlocutory order of the hearing officer, the hearing officer may:
   (1) Find that the allegations of or the issues set out in the notice of hearing or other pleading may be taken as true or deemed to be proved without further evidence;
   (2) Dismiss or grant the motion or petition;
   (3) Suppress a claim or defense; or
   (4) Exclude evidence.

(b) In the event that any party, attorney at law, or other representative of a party engages in behavior that obstructs the orderly conduct of proceedings or would constitute contempt if done in the General Court of Justice, the hearing officer may enter a show cause order returnable in Superior Court for contempt proceedings in accordance with G.S. 150B-40(c)(6).
11 NCAC 08 .0830  MOTIONS
(a) Any application to the hearing officer for an order shall be by motion, which shall be in writing unless made during a hearing, and must be filed and served upon all parties not less than 10 days before the hearing, if any, is to be held either on the motion or the merits of the case. The nonmoving party has 10 days after the date of service of the motion to file a response, which must be in writing. Motions practice in contested cases before the Board are governed by Rule 6 of the General Rules of Practice for the Superior and District Court.
(b) If any party desires a hearing on the motion, he shall make a request for a hearing at the time of the filing of his motion or response. A response shall set forth the nonmoving party's objections. All motions in writing shall be decided without oral argument unless an oral argument is directed by the hearing officer. When oral argument is directed by the hearing officer, a motion shall be considered submitted for disposition at the close of the argument. A hearing on a motion will be directed by the hearing officer only if it is determined that a hearing is necessary to the development of a full and complete record on which a proper decision can be made. All orders on such motions, other than those made during the course of a hearing, shall be in writing and shall be served upon all parties of record not less than five days before a hearing, if any, is held.

11 NCAC 08 .0831  INTERVENTION
(a) Any person not named in the notice of hearing who desires to intervene in a contested case as a party shall file a timely motion to intervene and shall serve the motion upon all existing parties. Timeliness will be determined by the hearing officer in each case based on circumstances at the time of filing. The motion shall show how the movant's rights, duties, or privileges may be determined or affected by the contested case; shall show how the movant may be directly affected by the outcome or show that the movant's participation is authorized by statute, rule, or court decision; shall set forth the grounds and purposes for which intervention is sought; and shall indicate movant's statutory right to intervene if one exists.
(b) Any party may object to the motion for intervention by filing a written notice of objections with the hearing officer within five days after service of the motion if there is sufficient time before the hearing. The notice of objection shall state the party's reasons for objection and shall be served upon all parties. If there is insufficient time before the hearing for a written objection, the objection may be made at the hearing.
(c) When the hearing officer deems it to be necessary to develop a full record on the question of intervention, he may conduct a hearing on the motion to determine specific standards that will apply to each intervenor and to define the extent of allowed intervention.
(d) The hearing officer shall allow intervention upon a proper showing under this Rule, unless he finds that the movant's interest is adequately represented by one or more parties participating in the case or unless intervention is mandated by statute, rule, or court decision. An order allowing intervention shall specify the extent of participation permitted the intervenor and shall state the hearing officer's reason. An intervenor may be allowed to:
   (1) File a written brief without acquiring the status of a party;
   (2) Intervene as a party with all the rights of a party; or
   (3) Intervene as a party with all the rights of a party but limited to specific issues and to the means necessary to present and develop those issues.

11 NCAC 08 .0832  CONTINUANCES
(a) A request for a continuance of a hearing shall be granted upon a showing of good cause. Unless time does not permit, a request for a continuance of a hearing shall be made in writing to the hearing officer and shall be served upon all parties of record. In determining whether good cause exists, due regard shall be given to the ability of the party requesting a
continuance to proceed effectively without a continuance. A request for a continuance filed within five days before a hearing shall be denied unless the reason for the request could not have been ascertained earlier.

(b) "Good cause" includes death or incapacitating illness of a party, representative, or attorney of a party; a court order requiring a continuance; lack of proper notice of the hearing; a substitution of the representative or attorney of a party if the substitution is shown to be required; a change in the parties or pleadings requiring postponement; and agreement for a continuance by all parties if either more time is clearly necessary to complete mandatory preparation for the case, such as authorized discovery, and the parties and the hearing officer have agreed to a new hearing date or the parties have agreed to a settlement of the case that had been or is likely to be approved by the final decision maker.

(c) "Good cause" does not include: intentional delay; unavailability of counsel or other representative because of engagement in another judicial or administrative proceeding unless all other members of the attorney's or representative's firm familiar with the case are similarly engaged, or if the notice of the other proceeding was received subsequent to the notice of the hearing for which the continuance is sought; unavailability of a witness if the witness's testimony can be taken by deposition; or failure of the attorney or representative to properly utilize the statutory notice period to prepare for the hearing.

(d) During a hearing, if it appears in the interest of justice that further testimony should be received and sufficient time does not remain to conclude the testimony, the hearing officer shall either order the additional testimony taken by deposition or continue the hearing to a future date for which oral notice on the record is sufficient.

(e) A continuance shall not be granted if granting it would prevent the case from being concluded within any statutory or regulatory deadline.

(b) A party shall have all evidence to be presented, both oral and written, available on the date for hearing. Requests for subpoenas, depositions, or continuances shall be made within a reasonable time after their needs become evident to the requesting party. In cases when the hearing time is expected to exceed one day, the parties shall be prepared to present their evidence at the date and time ordered by the hearing officer or agreed upon at a prehearing conference.

(c) The hearing officer shall send copies of all orders or decisions to all parties simultaneously. Any party sending a letter, exhibit, brief, memorandum, or other document to the hearing officer shall simultaneously send a copy to all other parties.

(d) All parties have the continuing responsibility to notify the hearing officer of their current address and telephone number.

(e) A party need not be represented by an attorney. If a party has notified other parties of that party's representation by an attorney, all communications shall be directed to that attorney.

(f) With the approval of the hearing officer, any person may offer testimony or other evidence relevant to the case. Any nonparty offering testimony or other evidence may be questioned by parties to the case and by the hearing officer.

(g) Before issuing a recommended decision, the hearing officer may order any party to submit proposed findings of fact and written arguments.

(a) The North Carolina Rules of Evidence as found in Chapter 8C of the General Statutes govern in all contested case proceedings, except as provided otherwise in this Section and G.S. 150B-41.
(b) The hearing officer may admit all evidence that has probative value. Irrelevant, incompetent, immaterial, or unduly repetitious evidence shall be excluded. The hearing officer may, in his discretion, exclude any evidence if its probative value is substantially outweighed by the risk that its admission will require undue consumption of time or create substantial danger of undue prejudice or confusion.
(c) Contemporaneous objections by a party or a party's attorney are not required in the course of a hearing to preserve the right to object to the consideration of evidence by the hearing officer in reaching a decision or by the court upon judicial review.
(d) All evidence to be considered in the case, including all records and documents or true and accurate photocopies thereof, shall be offered and made a part of the record in the case. Except as provided in Paragraph (f) of this Rule, factual information or evidence that is not offered shall not be considered in the determination of the case. Documentary evidence incorporated by reference may be admitted only if the materials so incorporated are available for examination by the parties.
(e) Documentary evidence in the form of copies or excerpts may be received in the discretion of the hearing officer or upon agreement of the parties. Copies of a document shall be received to the same extent as the original document unless a genuine question is raised about the accuracy or authenticity of the copy or, under the circumstances, it would be unfair to admit the copy instead of the original.
(f) The hearing officer may take notice of judicially cognizable facts by entering a statement of the noticed fact and its source into the record. Upon a timely request, any party shall be given the opportunity to contest the facts so noticed through submission of evidence and argument.
(g) A party may call an adverse party; or an officer, director, managing agent, or employee of the State or any local government, of a public or private corporation, or of a partnership or association or body politic that is an adverse party; and may interrogate that party by leading questions and may contradict and impeach that party on material matters in all respects as if that party had been called by the adverse party. The adverse party may be examined by that party's counsel upon the subject matter of that party's examination in chief under the rules applicable to direct examination, and may be cross-examined, contradicted, and impeached by any other party adversely affected by the testimony.

11 NCAC 08.0836  OFFICIAL RECORD
(a) The official record of a contested case is available for public inspection upon reasonable request. The hearing officer may, upon good cause shown and consistent with law, order part or all of an official record sealed.
(b) The official record shall be prepared in accordance with G.S. 150B-42.
(c) Contested case hearings shall be recorded either by a recording system or a professional court reporter using stenomask or stenotype.
(d) Transcript costs incurred by the Board shall be apportioned equally among the party(ies) requesting a transcript.
(e) Any other costs incurred by the Board when using a professional court reporter shall be apportioned equally among the requesting party(ies).
(f) A 24-hour cancellation notice is required in all cases. The party(ies) responsible for the cancellation shall be liable for any cancellation fees.
(g) Transcripts of proceedings during which oral evidence is presented will be made only upon request of a party. Transcript costs shall include the cost of an original for the Board. An attorney requesting a transcript on behalf of a party is a guarantor of payment of the cost. Cost shall be determined under supervision of the hearing officer who, in cases deemed to be appropriate by him, may require an advance security deposit to cover the prospective cost. The security deposit shall be applied to the actual cost and any excess shall be returned to the party that submitted it.
(h) Copies of tapes are available upon written request at a cost of five dollars ($5.00) per tape.
(i) Copies of Board hearings tapes or Non-Board certified transcripts therefrom are not part of the official record.

D. Staff. The staff of the Board shall consist of the Division of Engineering and Building Codes in the N. C. Department of Insurance, as provided by GS 143-151.19. The staff shall provide clerical and other services required by the Board and shall administer and enforce all provisions of Article 9C of Chapter 143 of the General Statutes and rules and regulations promulgated by the Board, subject to the direction of the Board.

No Board member shall participate in the decision of any matter in which he has a personal financial interest sufficient to influence his vote.

V. AMENDMENTS

These by-laws may be amended at any time by an affirmative vote of not less than two-thirds of the members of the Board, provided that such amendment shall have first been presented to the membership in writing at a regular or special meeting preceding the meeting at which the vote is taken. If two-thirds of the members are not present at the meeting at which the vote is to be taken, a mail election shall be held on the proposed amendment.
