Migrant Housing Facilities

Code: 2012 Residential
Section: R101.2

Date: May 23, 2017

Code: 2012 Building
Section: 101.2

Question:

Are migrant housing facilities exempt from the North Carolina State Building Codes?

Answer:

No. Migrant housing facilities are required to meet the requirements of the North Carolina State Building Codes in addition to the [Migrant Housing Act of North Carolina](#) and the [Occupational Safety and Health Standards Part 29 CFR 1910.142](#).

NC Residential Code – A single family dwelling used as a migrant house that contains a maximum of 8 bedrooms may be constructed by the North Carolina State Residential Building Code.

NC Building Code – Migrant congregate living facilities with 16 or fewer occupants are permitted to comply with the construction requirements for Group R-3 of the North Carolina Building Code. Migrant congregate living facilities with more than 16 occupants are required to comply with the construction requirements for Group R-2 of the North Carolina Building Code. The amendments to section 903.2.8 Group R sprinkler system are below.

3. Group R-2 buildings housing farm workers and their families located outside of a municipality's building rules jurisdiction that are not exempted by Section 903.2.8.1 may install a 13D multipurpose sprinkler system where all of the following conditions exist:

- 3.1. The Group R building cannot exceed two stories in height.
- 3.2. The Group R building cannot exceed 2500 square feet (232 m²) in area.
- 3.3. The Group R building shall have two remote means of egress.

[F] 903.2.8.1 Group R Migrant Housing. Migrant housing as defined by GS 95-223 shall be exempt from the requirements of Section 903.2.8 when all of the following conditions exist:

1. The Group R building is not more than one story in height.
2. The Group R building meets all of the requirements of GS 95-222 through GS 95-229.1 (Chapter 95, Article 19) and 29 CFR 1910.142, as amended.
